Subject: Dion le Roux

Good day

On submitting my details on Friday 10th July via your email facilities on your excellent website requesting a quote , I was contacted by Mr le Roux that afternoon and I can now advise that the insulation for my house has been completed !! An incredible service to say the least !

The team arrived promptly this morning – Wed 15th July – as agreed and advised my Mr le Roux and the work was completed within a period of approx. 2 x hours !!

Apart from the excellent and professional services rendered to me by Mr le Roux and his team, what also impressed me was the excellent and well prepared manner the work was approached and completed.

Having had the pleasure and experienced a service second to none, I will have no hesitation to recommend Mr le Roux to whoever wish to make use of Mr le Roux's services – indeed a pleasant experience.

My wife and I now look forward to many warm and comfortable days / nights in our home (and cool during the summer period) in the years to come.

A sincere big thank you to Mr le Roux for the services rendered to me and to his excellent team for the manner the work was carried out

Not often one experience such high standard of services these days !

Best regards

Inge Pilskog
